LOUISVILLE.

WEDNESDAY, OCT. 27, 1858. e Spainiso's Barty -The lifth number hat it contains admissions as to the relation of our Protestant Churches to the public schools, which over-drawn this picture of oppression; the cover-throw much of his foregoing reasoning about the great grievances of the Roman Catholic Church. If the case he as he represents it, we do not see but under the present system, constituting logether, is the case be as he represents it, we do not see but that Proceeding and rebellion against the existing system as the Catholica. Indeed he almost says this. Here are his words: "We may remark that we are pleading not for Catholica above, but for all Protestant demonination as well; e-pecially for those among the latter who claim to be evangelical. Our arguments concern Episcopaliane, Haptists, Methodists, Reformers, and Prestyrerians, almost or quite as much as they do correlves, and we ask them all, as they walls religion, to take heed to this vital subject while it by yet time, and see it will be too late." It is not a union of Church and Sast in it yet. while it is yet time, and ere it will be too late." it he not a union of Church and S at it it y while it is yet time, and ere it will be the saturated and the says again: "We wish it to be distinctly inderest, that stood at the very thre held of the argument, that the issue we here in he is not between Catholice and Well, if this be a mission of church and State "in Well, if this be a mission of church and State "in the issue we here in he is not between Catholice and the same we have "the sixthese in the this catholic and the same we have a mission of church and State "in the same we have a mission of church and State "in the same we have a mission of church and state the worst phase, then we carriedly a chrowledge that the control of the same we have a mission of the same ways again.

regarded to very important, and, under the circum-news to them, which, without this information, proof, from providely the right quarter, that our schools, as at present organised, are not the engines of a "gagantic scheme of procelytism" which some have supposed—at least, that they are not sectarian or religious in any such sense as would make them never favorable to one church than another, asceing that all alike. Pe sestant and Catholic, according to the Bishap, have an equal take in opposing them.

This part it value leas heirg so much clear ground
this city. as a calculated levond controversey. We need not press it here, but may have occasion to advert

B shop's re by which he has presented at consideral to log h, a don which this has a direct and measures unst be the Cability, as compared with the Protestant on her, hold respectively to the public schools.

And now what in a to their own trivate or denominational schools. We have each on a tormer occasion, that Protestant Christians agree with R man Catholics, in being and to a merely secular education, that is, an ed As a general rule, all evargelical l'rotestaut Christrans hold that the Christian religion should be the basis of all education, and that there can be no sound education without it. It is precisely on this perioriple that they contend so earnestly against excuring the Bose from our public schools. And it is on this point in the Bose from our public schools. And it is on this point in the Bose from our public schools. on this principle, that, not satisfied with merely deed, with anython, the State can do, as such—they County Court would, under a writ of labortante, of all eva elical denomications while friely saying their taxes to the support of the public chade are found everywhere in our country eduminuries supported out of their own private or deand choice. As good citizens and patriota, they ward the rest work of general education, knowing
that will be not general education to general education there will be no requester to shield offer here from just co. as wi'nt sun a cooperation there will be no general education. As Christiaus and church members, the cu be deso by by double taxation, in any State in the I cim.

and reasonable man say that much taxation as this constitutes a case of injustice and lyranny as odious and 1, resolve as that which drove our fathers to attus in the R velation? And yet Bishop Spalding has some greened it. This is the "monster grievance that is the tartile oppression under which he can not so fitter image than the "atripes" upsure a national banner; that they have to pay the tax —first their heavy taxes to the rehood tand as it ben'th voluntary tax to their own partial as a mass if there were no other people in the cast of mag the same thing. Why, look at this cast Does the Bishop think there are no other school in Louis ville except the public schools and the Raman Cath he school? Who pay for all these other schools? Who pay for all these other schools? This argument would imply that the many degree that the could have substantial themselves rix seconds against any invidentile. and reasons le man my that such taxation as this Indiana Legislature. the Roman Call for school? Who pay for all these other school? Who pay for all these other school? His argument would imply that name but I attacke pay any flowfulled tax; that all Prote a to it did not be public schools, and so get the bounds of their tax. They may do not fit by please, for the achools are open to all. And to may the Catholics, as we are happy to know some of them d. But, as a matter of fact, a very large proportion of Protectants do precisely what the Catholics do in a lady, viz pay their taxes and educate their child endewhere in the various private or direction to the Proportion of Protectants do precisely what the Catholics do in a lady, viz pay their taxes and educate their child endewhere in the various private or direction to the Proportion of Protectants do precisely what the Catholics do in a lady, viz pay their taxes and educate their child endewhere in the various private or directions, and thus he is like the man, who sating all inglit because he cubic's make up his mind which to take off first—his cust or his boots.

**Catholics do in a lady, viz pay their taxes and educate their child endewhere in the various private or directions, and thus he is like the boots.

**Catholics do in a lady, viz pay their taxes and educate their child endewhere in the various private or directions, and thus he is like the boots.

**Catholics do in a lady, viz pay their taxes and educate their child endewhere in the various private child endewhere in the various private of the could be developed in the late of the people of Luciville. If he is, will he many Kentuckians he thicks one of his opposition to the Proposition of Proceedings on the line is will be developed in the people of Luciville. If he is, will he many Kentuckians he thicks one of his opposition to the Proposition of Proceedings on the people of Luciville. If he is, will he many the could name of the people of Luciville. If he is, will he many the could name the is, will he many the could name the people of Luciville. If he is, will he they ought to find it just as of pressive as the Cath-oics. Yet they pay it cheerfully and think it no is a subject worthy the errorure of Purch.

zeat of the brethern. But we respectfully submit, that the Roman i atholics are not the only people amongst us to wome such commendation will apply.

"It has pleased the President to pension d. Gland that the Roman I atholics are not the only people amongst us "whom such commendation will apply. I or the hap in a Licapa" a Preshyterians, and all other or rockes are exhibited by the gentlement of \$9.00 a year for two versuance praises or thy attributes, in this same behalf, all one the Carled status. Honor to whom homor is d. We are withing to join in the assumendation, if the cogist will extend it oull who are learning the annel band in for their own and the public good; especially if they do no beerfully. But it strike us that the Propostant Christians are bearing their portion of the doble law with far letter grace than the tath is ; because the; pay it and make no countries while the latter, if the Bishop represents them right are seeking to break down the whole system rather than pay it and wake no countries the real grievances of the Catholics on this point. They a macientiously believe in a religious choosing the real grievances of the Catholics on this point. They a macientiously believe in a religious contains when we cannot be had in our public school. He cannot be the in middition to this publicance of the checked for the public way to the public school. He cannot be the in middition to this publicance of the checked for the public way to the public school. He cannot be a middition to this publicance of the checked for the comment of the candidates over the report of the results of the candidates over the report of the candidates over the report of the results of the candidates over the report of the results of the candidates over the report of the results of the results of the candidates over the report of the results of the res

u tarily to themselves in addition to this publicandidates is 44,155. If we add to the least for choose of their own order, where their children can be educated as they like. But thousands that the actual anti-like apportant anti-like apportant anti-like apportant anti-like apportant anti-like actual anti-like apportant anti-like apportant anti-like apportant anti-like actual anti-like apportant anti-like actual anti-like apportant anti-like actual anti-like apportant anti-like actual actua of Prestants, in all our different churches, rich and poor, are dieg precisely the same thing. They, as we have statid, and as Bishop Spalding himself the comfort of the President. We may use me to be comfort of the President. shows, are in favor of a religious education, to an general result in l'uni-ylvania a fill on extent which is not found in the pathic schools, and comment be double-taxed for other actools. And on this ground be exhorts them, as having an equal inferest at the lo bank comment. reat at ke, to make commen cause with the

this ground he exhorts them, as having an equal interest at the existing order of things.

What then becomes of this intolerable inequality and tyramy of ur just to action which is so oppressing the Roman Catholice? The Bishop argues as if there were a burden upon them such as was not common to max—such as was never home in this country alize our fathers threw off the yoke in seventy, arc. Aml yet, according to his own showing, there has nething happened to them which they do not share in common with their z alous fellow Christians of at my Profession theorems in the lastices are only in little more realous and muantmosus in educating their children in their own way than Protestant chards marked hermalers. But this arises from two very obvious can eas the first, because they are more under the direction of their ecclesiant can colesiantical education on the basis of the church are more level for the outward organization to which they belong, the church, and hence prize an ecclesiantical education on the basis of the church are more with the doubt that there are some Protestant churchs and monget us, probably the Episcophians and Practy, terriars, whose members, while paying without a marman their large priportion of the public school its, are at the same time paying freely out of their rem packs a, for their own private or demonination. In itations, dol ar for dollar with their Roman t tholic neighbors.

What then becomes, we again ask, of Bishop
